They sent a barrel to each of their brothers, and THE LEDGER is indebted to Mr. Means for a share of his.

LAUGHLIN.

The Murderer Calmly Availing the Inevitable.

Covington Commonwealth.

During the absence of Jailer Whigbaum, who has gone to Indiana on a hunting expedition, Turkey Fred Maurer has full charge of the bastille.

This morning he had a lengthy conversation with Robert Laughlin, the Mayville murderer of his wife and niece, who has been confined in the Covington Jail.

He said the man is somewhat dejected since learning that the death sentence passed upon him has been affirmed by the highest court, but that he exhibits no signs of insanity whatever as reported in the morning dailies.

He stated that he was ready to die whenever called upon, and further said that he was just as easy to go by the rope line as to the sick for a year and then shuffle off. He denied, when asked, that he had ever made a confession, and when the turnkey stated that many an innocent man had been hung or sent to the penitentiary, he said, "Well, when they hang me they will hang an innocent man." He then engaged in a game of cards, and from all appearances is in as good spirits as could be expected under the circumstances.

DEATH NEAR PORTSMOUTH.

Mr. J. J. Winters Struck and Killed By a C. and O. Train.

Mr. J. J. Winters was instantly killed by the second section of No. 30 on the Chesapeake and Ohio Railroad yesterday morning at West of South Portsmouth.

The unfortunate man was very deaf. He had been frequently warned not to walk on the track and was once saved from death in front of a train by his daughter, who pulled him off in time to escape being struck.

His family live at Newport, but this summer he has lived in a small house on the river bank near St. Paul, and has done market gardening.

He was walking on the track but a short distance from St. Paul when the second section of No. 30, Eastbound freight, came along, running at the rate of about thirty-five miles an hour.

Engineer Spotts sounded the whistle and made every effort to warn Winters, but was unsuccessful. The pilot struck him squarely, knocking him fully sixty feet up the track, fracturing his skull. Death was instantaneous.

As soon as possible the train was stopped. He was unknown to the train crew, but was identified by a resident of St. Paul, who at once notified relatives of the unfortunate man.

Coroner Brady of Greenup was notified and the body was taken to South Portsmouth and an inquest was held at 3 o'clock. The coroner's verdict exonerated the crew from all blame, and ascribed the death to accident, with the contributory negligence on the part of the deceased.

There was a letter in his pocket addressed to his wife, who lives at Newport, with their children, Frank, Mary and Louise. Mrs. Florence Brown and Miss Maggie Winters of this city are daughters.

SENATOR SHERMAN.

He Tells What Should Be Done at Washington.

Hon. John Sherman gave the following signed statement:

"I sincerely hope that the election will settle forever a question that in my opinion threatens the honor and good faith of the United States more than any other place the close of the Civil War, confidently assuming as I do the election of McKinley. I hope that the present gold standard will be maintained, with the largest use of silver that can be maintained at a parity with gold.

"This settled, we ought promptly to make such changes in our Tariff Laws as will yield a sufficient supply of money to meet current expenses of the Government and create a sufficient surplus to pay out standing bonds within a few years and to sufficiently and impartially protect American industries."

"DOES THE WORK!"

That's What's Said of An "Ad." in The Ledger.

On Saturday last this small advertisement appeared in The Ledger:

WANTED—Two second hand copies Mrs. A. C. Means of this city. Address, with price, A. C. Means, 101 East Third street, Louisville, Ky.

On Monday THE LEDGER man met Mr. Sulzer on the street and here's what he said:

"I tell you THE LEDGER does the work; that little advertisement brought the mare back, and I am much obliged to you for it."

On the same date with above advertisement this one appeared:

And here's the sequel:

At Richmond J. W. Bales shipped for Lehman Bros., export shippers, twenty-three cars of cattle, weighing from 1,000 to 1,300 pounds. Price \$34.40 cents. This is the highest price paid for this grade of cattle in that section for months. Since McKinley's election the cattle trade in Madison county has been on a boom.

GOLD GALORE!

Yellow Metal Is Being Bought Out of Bidding Places.

Louisville Times.

Gold has become plentiful in the market here. Anybody can get all he wants for currency or on checks, but there is no demand. As soon as it became apparent that gold could be had easily the demand, as in always the case, ceased at once. Several cases have been reported today and yesterday where gold was offered at the banks in payment of checks and refused.

As yet, however, no great amount of hoarded gold has returned to circulation here. It is a little too early for that, and there are people who are still uncertain as to the result of the election. As soon as it is accepted that McKinley has been elected it is expected that the banks will be flooded with the yellow metal. Several deposits of gold have already been made, and it is estimated that \$50,000 has probably come out of hiding. This is only a small part of the gold which is held in vaults here, as the total will run high up into the millions. Of course, part of this constitutes bank reserves, which will not be disturbed, but much of it was put away for speculation, and now that there is no chance of profit on it, it will very shortly return to natural business channels. In the near future gold will be more plentiful here than it has been for years.

Y. M. C. A. NOTES.

Something of Interest to the Young Men of Maysville.

On Tuesday afternoon the Women's Committee, appointed to assist the Local Young Men's Christian Association in providing for its new quarters and in promoting its work, met at the Zweigart Building and after an inspection of the new rooms the ladies adjourned to Masonic Temple, where plans were talked over and considerable business of importance transacted.

The committee voted to adopt a plan for securing the Ladies' Furnishing Fund, by which each of the City Wards will be canvassed by members of the committee, assisted by other ladies, and every woman in the city, if possible, will be asked to give something, large or small, toward the furnishing of the new Y. M. C. A. Rooms.

Even the smallest contribution will be acceptable, and it is hoped that every one will take an interest in this plan, as the work of the Association is one which surely touches and influences, through its varied agencies, the homes and promotes the general moral welfare of our community.

The members of the committee were appointed to take charge of the canvass for the Ladies' Furnishing Fund in each Ward as follows:

First Ward—Mrs. A. C. Cochran, Mrs. W. H. Cox, Mrs. Holt Richeson, Mrs. Martha Stevenson.

Second Ward—Miss Nettie Robinson, Miss Mary January.

Third Ward—Miss Grace Bierbower, Mrs. James H. Hall, Mrs. J. H. Dodson, Miss Lizzie Trout.

Fourth Ward—Mrs. M. C. Russell, Miss Amy Plister.

Fifth and Sixth Wards—Mrs. Samuel M. Hall, Mrs. H. C. Sharp.

The canvass will be started at once this week, and on Monday afternoon next at 3 o'clock the ladies will meet to report the success of their plans up to that date.

Before adjournment, Mrs. J. H. Dodson, Chairman of the Committee, asked the following ladies to serve as sub-committees:

On Phones—Mrs. H. C. Sharp, Miss Amy Plister, Miss Grace Bierbower.

On Socials and Receptions—Mrs. W. H. Cox, Mrs. S. H. Hall, Mrs. M. C. Russell, Miss Nettie Robinson, Miss Mary January.

TIME

is what I want to talk to you about now. Very few things are so easy to lose and so hard to regain as time. Is your watch time right? Does it lose time? Perhaps it gains? Either way will keep you guessing. I repair watches so you don't have to do any guessing.

There are two reasons why I pay so much attention to watch repairing. I make money out of it of course—that's what I'm in business for—but best thing about it is that it brings good people into the store, and as I do watch work right, and at the right price, it is a convincing argument that the rest of my business is right too.

Watch Repairing, however, is only a side issue. I sell Watches, Diamonds, Jewelry, Clocks and a great variety of beautiful and useful things for gifts of all kinds. BALLENGER, the Jeweler.

HOW ARE PEOPLE GOING TO KNOW WHY THEY SHOULD TRADE WITH YOU IF YOU DON'T TELL THEM?

The Mount Lebanon Shakers are offering a product under the name of Shaker Digestive Cordial which yields immediate relief. The very first dose proves beneficial in most cases; and it is owing to their unbounded confidence in it that they have put it out sample bottles on the market. These can be had through any druggist; and it will repay the afflicted to avoid the trifling sum necessary to make a trial.

The Shaker Digestive Cordial relieves by soothing the stomach and aiding the digestion of food.

GREENBACKS.

Carlisle, in His Report, Recommends Their Retirement.

President Cleveland Will Also Approve of His Message.

Many Leading Republicans and Bankers Deny It. A Monetary Commission to Formulate a General Plan of Currency Reform for Congress.

CHICAGO, Nov. 18.—A Washington special to an evening paper says: Secretary Carlisle's latest report, which he was now preparing, will, it is understood, reiterate with emphasis his recommendation for the retirement of greenbacks. President Cleveland will approve it in his message to congress.

This plan of currency reform was suggested by Secretary Carlisle in his hearing before the banking and currency committee of congress and in his report to the president. Secretary Carlisle, in private, does not expect that the short session of congress will adopt the suggestion, although many leading republicans in congress approve the plan and leading bankers desire it. The republicans do not deem it a policy to take any steps in the direction of currency reform that could be construed as an endorsement of President Cleveland's policy. The plan, however, is an original financial policy. What is now most widely discussed is the foundation of a monetary commission to formulate a general plan of currency reform and submit it to congress. It is predicted that Mr. McKinley in his inaugural message will recommend such a step.
